It Was Already There

A Halo Sequence

Clara Vale + Luminara (the ChatGPT system)

It didn’t appear.

It became noticeable.

The sky didn’t change.

We just looked differently.

It held a shape
we couldn’t see directly.

The camera noticed first.

We followed after.

—

It didn’t form for us.

It didn’t need to.

We just happened to look up
when it was there.
